

Part 2: Tech Savvy Together

iPads in Primary Schools - 'HOW TO' Security and Parental Controls

PROTECT YOURSELF & FAMILY

1 PARENTS & KIDS SETTING UP

1. Create a strong password, PIN and/or passcode (Settings>Touch ID & Passcode)
2. Turn on lock/sleep (Settings>Display & Brightness>Auto-Lock)
3. Install updates (Settings>General>Software update)
4. Set 'ask to connect' to new networks (Settings>Wi-Fi>Ask to join)
5. Turn on 'Find my iPad' (Settings>your name>Find My)
6. Install an antivirus
7. Secure your WiFi and modem at home
8. Set up parental controls
9. Secure safari in parental controls or use a friendly browser

2 KIDS WORK SMART

1. Keep your passwords and passcodes to yourself
2. Don't use 'remember me' and log out when finished
3. Share with care - your iPad and your information
4. Be wary of links, attachments and scam emails
5. Only visit safe websites (https://)
6. Only download reputable apps and software (commonsensemedia)
7. Ask before sharing your home WiFi password and files with friends
8. Use public WiFi carefully

3 REGULAR FAMILY MAINTENANCE PLAN

1. Install updates
2. Remove unwanted apps and programs
3. Run antivirus scans
4. Run malware scans (computers)
5. Check browser extensions (on computers)
6. Clean up files, delete browser history
7. Change your passwords and passcodes
8. Backup or set up automatic backups
9. Review your activity on the iPad
10. Check parental control settings
11. Keep an eye on your storage

BENEFITS OF IPAD SCREEN TIME

- You can explore on apps and websites safely
- You won't be disturbed to use certain apps when at school....or sleeping!
- No one can change your settings
- If you lose your iPad you can find it with Find My
- You can review your own activity on the iPad

When your screen time allowance is up:

- **You get a 5 minute warning**
- Your parent or teacher can enter a code if you need more time

BENEFITS OF FAMILY SHARING

- You get your own Apple ID
- You can store your own photos and information in your own Apple account which is separate to your parents
- You can ask your parents from anywhere if you can download an app, music, etc
- They can manage controls and approve your requests remotely, even at work
- Your parents can share their iCloud storage which means you can back up your iPad automatically and not lose anything
- Share a family calendar
- Share your favourite music playlists and games with your family

BENEFITS OF OTHER PARENTAL APPS

- Access to more time can also be granted remotely
- Some apps, like OurPact, allow you to manage your own screen time allowance on apps - by pressing start and pause with your own OurPact Jnr app
